The Bay State Nurseries

WINDSOR H. WYMAN, Proprietor

North Abington, Massachusetts.

WHOLESALE PRICE LIST SPRING 1915

FOR NURSERYMEN, DEALERS, FLORISTS AND
LANDSCAPE ARCHITECTS ONLY.

Trees, Shrubs, Evergreens, Vines,
Roses and Herbaceous Perennials.

Long Distance Telephone, Rockland 26.

Cable Address, "Nursery," Boston.

Telegraphic Address, North Abington, Mass.

Location of Nurseries

The Bay State Nurseries are located in North Abington, Mass., 18 miles south of Boston, on the Plymouth division of the N. Y., N. H. & H. R. R.—half way from Boston to Plymouth. Trains leave the South Station at frequent intervals during the day. Visitors are always welcome. Our office is ten minutes' walk from the station. If notified, we gladly meet visitors at the station and take them about the nurseries.

The Shipping Season

Our large storage cellars contain a full line of Roses, Shrubs, Vines, Fruit Trees and Small Fruits, all carefully graded and ready for shipment. Early consignments will be carefully packed and forwarded at the convenience of our customers. We usually begin digging about March 20th, and continue until the middle of May or the first of June. Evergreens and Herbaceous Perennials can be successfully transplanted until the middle of June.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the TRANSPORTATION COMPANY.

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT

CONDITIONS OF SALE

First—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. Five hundred will be furnished at the thousand rate; fifty at the hundred rate and five at the ten rate.

Second—While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. No complaints will be considered that are not made within ten days after receipt of stock.

Third—The prices annexed do not include the boxes or bales. A charge for the actual cost of the boxes or the material used in baling is made. No charge for conveyance to freight station.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.

PACKING HOUSE ADJOINING RAILROAD SIDING

ORNAMENTAL DEPARTMENT

NOTE—In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly; unless otherwise advised.

A section of Evergreens, also Offices, Cellars and Packing Houses of the
BAY STATE NURSERIES.

EVERGREEN TREES

These Evergreens are all thrifty and heavily rooted, and have been several times transplanted. We have a number of large specimen Evergreens in variety not listed, also choice sorts recently imported. They can be seen at the nursery when prices will be given. It will pay you to come and see them.

Roots burlapped at an additional expense of 5 cents each for trees up to 3 feet, all over this size 10 cents each unless otherwise specified we will burlap and charge for same.

A section of Hardy Hybrid Rhododendrons growing in rear of offices of the
BAY STATE NURSERIES.

RHODODENDRONS

We are growing and importing many thousand Broad Leaved Evergreens, increasing our plantings from year to year. Our stock comprises the best Hybrids of the most hardy sort, and the native Catawbiense Maximum, and Alpine varieties; also Mountain Laurel (*Kalmia latifolia*). If you want nursery grown natives, we have them by the carload. If you require collected Maximums, we can furnish them by the thousand or any number required.

VIBURNUM CARLESII

A Korean shrub, absolutely hardy, more or less wooly, resembling a little in wood and foliage the *Viburnum Lantana*. Inflorescent terminal, the buds appearing in Autumn. It develops in April, and produces large corymbs of flowers, all fertile and similar, measuring three-fourths of an inch in diameter, with a half inch tube and five rounded lobes. Color rosy white, passing to pure white. Flowers exhale a delicious fragrance, as fine as that of jasmine, and when the plant is freed in a temperate house, the entire atmosphere is perfumed. The bush remains a low clump. See Page 41 for prices.

AUTO-TRUCK DELIVERY

We make deliveries by auto-truck within reasonable distances from the nurseries when desired, and charge according to mileage and size of truck used. We are located 18 miles south of Boston.

A Partial View of Our Herbaceous Perennial Grounds, Showing Masses of Hardy Phlox in the Background.

HERBACEOUS DEPARTMENT

The growing of Herbaceous Perennials is one of the important features of our business. We have over fifteen acres devoted exclusively to the growing of Perennials. Our stock and variety of plants was never so large as now, and we feel sure that we can furnish this most popular class of plants from our fields that will be not only second to none, but far superior to much of the seedling pot-grown and divided stock which is being offered at low rates. Field grown stock of the proper size will secure for the planter the best possible results.
